Dear Dennis:

Thank you for your oversight of this important work. I am pleased to see that NASSGAP has once again administered a successful survey and that the Web site was well-received. I am encouraged that you continue to seek ways to update the Web site in order to make the reports and findings more easily accessible to researchers and policymakers. In particular, it is wonderful to hear that you feel the organization is better organized and more student-focused as a result of the work. As always, please feel free to contact me with any new developments as the work progresses.

We will be processing your fourth payment for \$10,000 this Friday, August 18th. You may expect to receive the check within 10 days of that date.

Sincerely,

Jill K. Wohlford
